EXHIBITION

Celoslovenské dni poľa, Dvory nad Žitavou, June, 4 – 5th, 2024

Dear exhibitors, please pay attention to the information stated below.

IMPORTANT NOTES:

- Movement of machines - also drones - outside the exhibition area is prohibited in the entire area during the exhibition from 9:00 a.m. to 5:00 p.m. ! In case of violation of this rule, the exhibitor will be prevented from participating at future exhibitions.
- It is prohibited to use separate power plants in the entire exhibition area.
- For safety reasons, the use of open flames is prohibited in the entire area (please use PB bottles for the preparation of catering).
- For exhibition areas A and B, electricity will be distributed throughout the area (kettles, refrigerators, laptops, inflatable advertisements, pipes...). Therefore, during loading the machines, avoid damage to cable distributions and distribution panels. You can find phone number of the responsible person, which should be called in the event of a malfunction (Mr. Polák, tel. no. 0905 237 376) at each electrical connection. Electricity will be available from Monday, June 3, 2024, from 3:00 p.m. until Wednesday, June 5, 2024 at 5:00 p.m. also during the night hours!
- By default, a 230 V socket with three sockets will be prepared at each exhibitor's point. We recommend to bring your own extension cord. In the case of a 400 V outlet, a 16 A termination (5-pin) will be used.
- Due to the high consumption of appliances on the exhibition area, no additional wiring is possible on Monday.
- If necessary, consult with Mr. Polák (tel. 0905 237 376), who provides the distribution network at the exhibition, about the use of high consumption appliances. When communicating, prepare the number of your company's electrical connection listed in the electrical map.
- The installation of a 3-phase connection (400 V) will be charged in the amount of € 100.
- For the purpose of commenting during the demonstration of agricultural technology, it is possible to use your own sound system, but only up to a maximum power of 5 W, so that the sound system covers the space for the demonstration of machines and does not disturb neighboring exhibitions. Other sound systems than commenting on agricultural technology or field experiments (reproduced music), max. up to 5 W power is not possible.

Framework program of the exhibition:

Tuesday, June 4

- 9:00 Opening of the exhibition
- 9:00 – 10:00 Field breakfast
- 9:30 – 9:55 Presentation of partners and co-organizers of the exhibition

Organizátori:

Spoluorganizátori:

10:00 Opening ceremony with the participation of the Minister of Agriculture and Rural Development of the Slovak Republic

10:15 – 11:30 European Parliament Elections - parliamentary parties representatives discussion

11:30 – 12:00 EP, SPU, IZPI – special program for students

10:00 – 16:30 Visits of field experiments

10:00 – 16:30 Visits of agricultural machinery

10:00 – 15:00 Horse-drawn ploughing competition, demonstrations of historical machinery

12:30 – 14:00 Professional seminar: Precision agriculture - technologies actually applied in Slovak practice. Part of the seminar will be a joint demonstration of technologies.

15:15 Lottery drawing - in front of the grandstand

17:00 End of the event

Wednesday, June 5

9:00 Opening of the exhibition

9:00 – 10:00 Field breakfast

10:00 Opening ceremony

10:00 – 15:30 Visit of field experiments

10:00 – 15:30 Visit of agricultural machinery

10:00 – 15:00 Demonstrations of horse-drawn work and historical machinery

11:30 – 12:00 EP, SPU, IZPI – special program for students

12:30 – 14:00 Professional seminar: Precision agriculture - technologies actually applied in Slovak practice. Part of the seminar will be a joint demonstration of technologies.

15:15 Lottery drawing - in front of the grandstand

16:00 End of the event

Technical information – machines transporting and preparation of the exhibition's places:

In the period from 27 May to 30 May 2024, machines can be loaded and stored at the premises of ZAD Dvory nad Žitavou (Veľká komáranská 5, 941 31 Dvory nad Žitavou) only after agreement with an authorized employee of ZAD - Mr. Miroslav Szente (tel. 0901 799 023). He can be contacted on working days ONLY from 7:00 a.m. to 4:00 p.m.

When loading at the center, a manipulator will be available, load capacity max. 4.5 t or load capacity max. 6.5 t.

Unloading (loading) will be charged in the amount of € 35/1 hour of folding, the minimum fee is € 17.50/0.5 hour. work (prices without VAT). An order form with the invoicing data of the given company must be part of this unloading.

ZAD Dvory nad Žitavou bears no responsibility for stored machines.

Friday, May 31

From 10:00 a.m. it will be possible to drive in and store machines on the reserved area in the field. A manipulator will be available from 10:00 a.m. to 6:00 p.m., load capacity max. 4.5 t or max. 6.5 t. This space will be guarded by security.

Spoluorganizátori:

Sunday, June 2

It is possible to start installing the machinery on your exhibit on areas on Sunday from 10:00 a.m. to 6:00 p.m.

- During loading, 2 Manitou manipulators will be available for folding equipment - load capacity max. 4.5 t or max. 6.5 t, contact the coordinator: Mr. Miroslav Szente (tel. 0901 799 023)

Monday, June 3

MEETING OF REPRESENTATIVES OF COMPANIES PARTICIPATING IN A COMMON MACHINERY DEMONSTRATION IS SCHEDULED FOR 2:00 p.m.

The installation of the exhibited machinery continues from 09:00 a.m. to 6:00 p.m.

Equipment and trucks can enter their exhibit only via marked roads.

The entrance for the exhibited equipment is marked on the attached map, the areas of individual exhibitors will be marked by signs and the loading itself will be guided by the organizers.

On Monday, the following mechanisms will be available for unloading equipment:

- from 9:00 a.m. until 6 p.m. 2 manipulators, load capacity max. 4.5 t or max. 6.5 t
- from 10 a.m. to 6 p.m. tractor for delivering equipment and machines
- Contact for the coordinator of loading, unloading by manipulators and the tractor: Mr. Miroslav Szente (tel. 0901 799 023)
- from 10:00 a.m. – 6:00 p.m. mobile crane up to 30 t

All exhibited and demonstrated machines must be placed and installed at their exhibit on places no later than Monday 3.6. until 7:00 p.m. It is no longer possible to bring machines on Tuesday! In the case of the wet variant, unloading of the equipment from the trucks will be led by the organizers - exhibit on manager Ing. Peter Hudec, phone: 0948 955 951

Tuesday, June 4

All the cars and trucks must be parked no later than 8:30 a.m., further movement of cars is not possible for safety reasons.

At 10:00 a.m. there will be a ceremonial opening and welcoming of visitors, presentation of the program. We invite all exhibitors to the opening ceremony.

First exhibit on day ends at 5:00 p.m.

Gala evening for exhibitors will take place on Tuesday, June 4. from 6:30 p.m. in the Žitava pension in Dvory nad Žitavou.

Wednesday June 5

9:00 a.m. Beginning of the program of the second day of the exhibit on

4:00 p.m. End of the exhibit on.

From 4:00 p.m. until 6 p.m. 2 manipulators will be available, load capacity max 4.5 t or 6.5 t, contact the loading coordinator, unloading with manipulators: p. Miroslav Szente (tel. 0901 799 023)

From 4:00 p.m. until 6 p.m. a mobile crane will also be available.

Machines that will be on the exhibit on area during the night, please gather as much as possible in the space in the center of the exhibit on area.

If necessary, it is possible to re-store the machines after the exhibit on in the ZAD premises - (Veľká komárňanská 5) under the conditions of payment for loading and unloading stated at the beginning of this technical information.

Exhibitors are obliged to CLEAN their exhibit on areas! All waste must be stored in plastic bags in one place! Leave the garbage bags on your exhibit on area after end of exhibit on.

Exhibitors are warned not to leave metal objects or remains of wooden logs from barbecues, etc. in the stands.

Empty garbage bags are available at the Ro nícke noviny stand (Prof Press – close to the main tribune).

Thursday, June 6

- After the end of the exhibition, the machines can still be taken away on Thursday, June 6, 2024 from 8:00 a.m. until 12:00. 2 manipulators will be available, load capacity max. 4.5 t or max. 6.5 t, contact p. Miroslav Szente (tel. 0901 799 023)
- Area guarding time was extended for this reason until June 6, 2024, 8:00 a.m.

Security of the premises, security measures and insurance of the exhibited machines:

The entire area will be guarded by the security service on the night of Sunday, June 2, on Monday 3. 6., on the night from Monday to Tuesday 4. 6., on the night from Tuesday to Wednesday 5. 6. and on the night from Wednesday to Thursday, June 6, always from 6:00 p.m. until 8:00 a.m.

Exhibitors are fully responsible for their exhibition places and for possible loss or damage of exhibited machines, always during the day from 8:00 a.m. to 6:00 p.m. During the night, the area will be guarded by the security agency and its workers from 6:00 p.m. until 8:00 a.m. Any loss or damage during night hours should be resolved directly with the security agency (Corado - Soat s.r.o., Ing. Košút, phone number: 0903 428 259).

In order to prevent any losses and damages, it is necessary to ensure:

- Each exhibited machine must be insured against damage and theft
- All exhibited machines with a cabin must be locked.
- All other exhibited machines and objects that weigh more than 20 kg and do not have a lockable cabin must be secured, e.g.: tied to another machine with a safety chain with a lock.
- Insurance against theft or damage does not apply to machines or things weighing less than 20 kg, to portable electronics or unsecured equipment of the tent and exhibitions that should not be present at the exhibition area during the night.
- In order to be able to solve any insurance claim at all, it must be proven that the machine or the object in question was present at the exhibition. Please take a photo of your exhibition and the exhibited machines with the correct time and date when the photo was taken. Photos of the exhibition will also be taken by the security service, please be patient.
- In order to solve a potential insurance claim, it must be proven that an obstacle has been overcome, e.g. forced entry into the cabin, or damage to the lock on the chain securing small items (e.g. lawnmowers). In such a case, leave evidence of forced entry or damage and overcome the obstacle at the scene and call a representative of the security agency.
- Any arrivals or departures from the exhibition premises between 6:00 p.m. and 8:00 a.m. will be recorded, monitored and photographically documented by the security agency, so please be patient
- At 6:00 p.m. we recommend that all exhibitors leave the exhibition area so that the security agency has the space and good view to secure the exhibition areas.

These policies are valid for the period from Sunday 2.6. from 6 p.m. until Thursday 6.6. 2024, 8:00 a.m.

LOVOCHEMIE

Spoluorganizátori:

Joint machinery demonstration

Professional program and topic of the exhibit on:

Precision agriculture - technologies actually applied in Slovak practice

The professional seminar consists of two parts:

Part I.: 45 - 50 min.: Moderated practical demonstrations of technologies and systems of precision agriculture

- presentation and practical demonstrations of the variable application system work (explanation of the On-line and Off-line principle, methods of collecting information on soil and vegetation variability, evaluation, creation of an application map)

Moderation is provided by expert referees from the Technical Faculty of SPU in Nitra: prof. Ing. Vladimír Rataj, PhD., doc. Ing. Miroslav Macák, PhD., doc. Ing. Jana Galambošová, PhD, MPhil.

Part II.: 50-60 min. Practical demonstrations of the field technologies - Common demonstration of machinery for variable application

- intended for companies supplying agricultural equipment for plant production
- demonstrated machines enable variable application (such as: spreaders of industrial fertilizers, sowing machines, machines for variable tillage, sprayers...)
- the machine can enable variable application ON-LINE or OFF-LINE (this means that the machine can (but does not have to) also have connected additional readers/sensors of the soil or vegetation, on the basis of which it evaluates the current state and creates a variable dose,
- the machine can be aggregated with a tractor (or self-propelled),
- 1 company = 1 machine,
- demonstration will be moderated (controlled interview) – the seller of the machine gets the floor for the demonstration (max. 5 min.),
- the seller of the machine (sales representative of the particular company) should mainly focus on explaining how the variable settings of key parameters (dose, depth, ...) are technically ensured on the machine, how the customer can obtain application maps (if they are necessary for his machine), and it is necessary to present references from the real use of this machine by farmers (experience, benefits),
- machines will not be moved to the right and left sides between I. and II. day of the exhibition,

Additional information

The company does not have to provide a complex „collection-processing-application“ system, but within the demonstration it will be necessary to specify the service (complex/partial system + machines) that it implements within its portfolio. How does the device/service/product work, what are the real outputs and what can the farmer expect from the technology. Explain the limiting elements and benefits.

- during the presentation, it is necessary to focus on the technologies that the company has already applied in the conditions of Slovak practice, as part of the presentation of practical benefits, it is therefore necessary to present the farmer's references and experience (personal presence of the farmer, and/or a poster at the professional seminar stand),
- the space for practical demonstrations will be the same for both days of the exhibition, therefore it is possible to stay in the area even after the end of the professional seminar and continue with practical demonstrations for the participants of the exhibition,
- the equipment must be brought to the place of the technical seminar already on June 3 (on Monday by 6:00 p.m.), every registered machine will have a place mar-

Spoluorganizátori:

ked with a table, in the case of smaller devices (drones, UAVs, etc.) it is possible to prepare a place in the morning until 08:30 within the day of the exhibition,

- it will be necessary to describe the technology more detailed by company representative, or to respond to 2-3 questions posed by the moderator in a guided interview during the demonstration
- time schedule of the demonstration (approximately 5 - 10 min. per company - will be specified according to the number of registered companies),
- software products will also be possible to present on a large screen

Presentation of the companies will be in alphabetical order and on the second day vice versa.

Safety of the visitors during the joint demonstration will be ensured by the organizer by marking the movement of the demonstrated machines and guiding the visitors.

In case of bad weather, the organizers reserve the right to cancel the joint performance.

Individual demonstration of machines

During both days of the exhibition, individual machine demonstrations will take place on exhibition areas A1: on Tuesday from 10:00 a.m. to 4:30 p.m., on Wednesday from 10:00 a.m. until 3:30 p.m.

Exhibitors may demonstrate their machines exclusively on their designated display areas. Each company is responsible for the course of individual demonstrations.

Catering for exhibitors and company guests

Meal tickets are not included in the price of exhibition space, they could be ordered separately, at subsidized prices - in the number of 20 meals and 20 drinks TOGETHER for both days of the exhibition.

Price of one subsidized ticket for a meal: €5

Price of one subsidized ticket per drink: €1

In the case of a request for a higher number of meal tickets than the set limit, these will be invoiced in the amount:

Food: €7

Drink: €1.50

Prices include VAT.

All ordered food and drink tickets will be handed over to exhibitors on Tuesday, June 4, 2024 from 8:30 a.m. at the stand of the publishing house Prof. Press - Rolnícke noviny (by the main tribune) (Ing. Petra Poláková, 0903 555 538).

All ordered food and drink tickets will be invoiced after the end of exhibition. (unused tickets cannot be returned).

Meals will be provided in the marked tent for exhibitors.

In addition, there will be buffets in the premises of the exhibition center, where the meals will be sold, payment in cash.

The sale of refreshments is prohibited on the areas of individual exhibitors without the permission of the organizer.

More details:

- The emergency medical service will be present during the exhibition, as well as the fire brigade. Contact medical service: Mr. Jozef Kura, 0903 864 751.
- Contact fire brigade: Mr. Ladislav Rozsnyo (0908 749 661)
